S.L.FUSCO inc.

S.L. Fusco Inc. began distributing industrial supplies in the Los Angeles area in 1941. We have since expanded our sales area by establishing full service branches in San Diego, CA, San Leandro, CA and Phoenix, AZ. We further increased our capabilities with several acquisitions, all of which focused on cutting tools or abrasives.

Experienced Professionals

As specialists, we are in a unique position to help you meet and exceed your production goals. Throughout California and Arizona, local sales representatives provide many years of experience and technical expertise.

Prompt Delivery

S.L. Fusco ensures fulfillment with customer-dedicated inventories at all of our distribution centers. Each distribution center is equipped with company drivers and trucks, guaranteeing exceptional service.

Focus on Solutions

Our inventory management program brings us into partnership with our customers that is directed at efficiency and cost savings. The program is not limited to any specific product or procedure, but customized to fit the specific needs and goals of our customer. Each customer will be evaluated and together, as partners, we can decide upon the best cost saving opportunities.

Services & Program Benefits:

- Inventory supply and management
- Consolidated billing
- Product and process improvement recommendations
- Local and on-site technical support and equipment maintenance
- Customized inventory, replenishment and usage reporting
- Freight charge reductions
- Local warehouses and delivery

Core Values

It is the people at S.L. Fusco that set us apart from the rest.

The 5 core values that define who we are influence our every task, interaction and transaction made within our company, with our customers and suppliers, and throughout our communities.

- ♦ **CUSTOMERS ARE KING, NO US WITHOUT THEM** - The better we understand our customers, the better we can anticipate their needs.
- ♦ **GREAT ATTITUDE** - Choose to have a positive one. A great attitude will most often receive one in return.
- ♦ **RESPECTFUL** - Respect begets respect. Mutual respectfulness > individual differences.
- ♦ **WILLINGNESS** - We are anxious to be helpful; for our customers, our suppliers, our communities and each other.
- ♦ **GREATER GOOD** - People, families, communities are why we work. Our company success can provide happiness to its contributors.
