S.L. FUSCO inc.

Rancho Dominguez, CA - Main Branch

National City, CA

San Leandro, CA

Phoenix, AZ

Mexicali, Mexico

Tijuana, Mexico

Guaymas, Mexico

S.L.F. S.L. Fusco, Inc. began distributing industrial supplies in the Los Angeles area in 1941. We have since expanded our sales area by establishing full service branches in San Diego, CA, San Leandro, CA and Phoenix, AZ. We further increased our capabilities with several acquisitions, all of which focused on cutting tools or abrasives. In addition, a merger with established Mexican distributor, Argo Del Valle, created **Argo/Fusco** with branches in Mexicali, Tijuana and Guaymas.

Experienced Professionals

As specialists, we are in a unique position to help you meet and exceed your production goals. Throughout California, Arizona and Mexico, local sales representatives provide many years of experience and technical expertise.

Prompt Delivery

S.L. Fusco ensures fulfillment with customer-dedicated inventories at all of our distribution centers. Each distribution center is equipped with company drivers and trucks, guaranteeing exceptional service.

Cost Savings

Every S.L. Fusco sales representative is responsible for providing documented customer savings. We encourage our customers to take advantage of these opportunities.

Focus on Solutions

S.L. Fusco's inventory management program has been designed as an enhancement to the standard supplier/customer relationship. The program brings S.L. Fusco and our customer into a partnership directed at efficiency and cost savings. The goal is the development and documentation of mutually beneficial products and procedures.

Feature Options:

- Supplier consolidation
- Web interface
- Consignment inventory
- Consolidated billing
- Automated customized usage and inventory reports
- Vendor managed inventory

Program Benefits:

- Productivity improvements utilizing best tools and practices
- Freight charge reductions
- Customer designed cost savings reports

S.L. Fusco Mission Statement

To provide the highest levels of technical service, competitive products, and transactional efficiencies in order to ensure the success of our customers and their partnership with S.L. Fusco.
